2012—2015

San Pedro Junior College was established to provide greater access of tertiary level education for young graduates who will find it financially difficult to obtain it in the mainland, and to others who missed the opportunity earlier. Our program was made to adapt to the changing needs of individuals who wish to pursue further education for better job placement in the field of business with emphasis in tourism. It seeks to provide an education that will make the graduate competitive, self confident, a good family person, and participate in the development of our nation, Belize.
